

Type N Cake Donut Depositor

Belshaw's Type N depositor is designed for top quality cake donuts. It is also capable of forming excellent hushpuppies, loukoumades, falafel, ball-shaped fritters, and more, depending on the mix or recipe used.

Description

Belshaw depositors are legendary for their precision and smoothness of operation - even after years of use in harsh conditions. Each depositor is engineered of durable gears, cams and trip arms that ensure identical volume and shape are produced with each and every deposit.

The Type N Depositor employs a hand crank to deposit at a rate up to 80 cycles (or more) per minute. The internal workings of the Type F ensures a smooth turn of the crank handle and a regular deposit placed anywhere in the fryer. The Type N is designed to produce accurate deposits over a service life of many years.

Standard features

- Aluminum alloy frame and arm assembly
- Bronze trip arms and bushings
- Aluminum hopper (Capacity 15 lbs/6.8 kg)
- Stainless steel and aluminum cutter unit
- Crank handle
- Compatible with Belshaw Type N plungers and cylinders only
- Aluminum hopper
- Large bore cylinder
- Plungers supplied separately

Options

- Frame only (no hopper)

Accessories

- See list over page

Compatibility with 616B fryer

Type N can be used with Belshaw's 616B fryer:

Cut-N-Fry: Includes 616B fryer and Type N depositor with Plain plunger.

Hushpuppy Maker: Includes 616B fryer and Type N with 3-hole plunger for depositing 3 hushpuppies at a time (Plunger Item#N-1009BSS-103DB).

Cut-N-Fry for Loukoumades: 616B fryer, Type N depositor, with 2-inch, 3-hole plunger for depositing 3 Loukoumades at a time (Plunger Item#N-1009BSS-103C)

For these combinations, the 616B, the Type N and the plunger are ordered separately.

Belshaw Type N

With short arm column mount, as used for Cut-N-Fry, Hushpuppy Maker, and Loukoumathes Fryer

Belshaw Type N

Shown with wall mount and long pivot arms, for bolting to a wall. Long pivot arms can be ordered with column mounting bracket for attaching to full size fryers.

N-1002L	HOPPER ASSY LG BORE	Standard hopper for Type N

Plungers and Cylinders

Each plunger must match a cylinder of the same size. Different variety plungers may be used with just one cylinder, provided all are the same size. For instance, a 1-3/4" plunger can only be used with a 1-3/4" cylinder.

Select from plunger selection page: <http://www.belshaw-adamatic.com/products/doughnut-plungers/donut-plungers.html>
